

Re: Wodonga Livestock Exchange

To: The Mayor and Councillors', City of Wodonga

I respectfully suggest that you rescind the motion authorizing Mr Gavin Cator finalize negotiations in regard to the lease and sale of the Bandiana sale yards and the continuation of the Nth Barnawartha Livestock Exchange and Feedlot.

You are the only group that can rescind the motion without the expense of a court challenge. It is well known and accepted that the spirit and intent of a law is viewed as seriously as the wording of the law and a challenge may make that point. If such a challenge were to occur and the council over ruled, that decision would reflect badly on the history of this council. The good works that you have done as a group would be forgotten. These works are already starting to fade into oblivion due to the furore surrounding this one issue.

Respectfully yours

Edward Foulston
